2. How do we set School Fees?

St George's International School Luxembourg is a non-profit making entity and currently received subsidies from Luxembourg State towards operational expenses, buildings maintenance and new investments. The fees set out below have been calculated after taking the subsidies into account.

1. **November-December** - We carefully review the structure needed for the school we envision: staffing needed in each area of the school, level of qualifications and skills needed in the school, staff training, cost of class supplies, school trips, IT network and licences, possible upgrades needed to facilities, etc.
2. **January-February** - We receive confirmation for the operational subsidy from Luxembourg Ministry of Education. In 2026, we estimate this subsidy will cover 30% of St George's operational budget.
3. **February-March** - Based on the first indications received from existing families, we estimate the enrolment for the following school year.
4. **March** - We set the fees needed to cover the remaining part of the budget and communicate them to parents before we break up for Easter holidays.

For additional information regarding the School's finances, you can refer to the Annual reports.
